

Parking Policy for Simba Run – 2026

Basic Elements

- Owners may do whatever they want with their assigned space, other than rent it to a third party who is not staying at Simba Run. Examples include using it full time, keep it empty when not using it, lend it to an owner friend, or make it available for guest use.
- All visitors and owners will be required to check in at the front desk, where they will be issued a parking pass to be displayed on the front dash of their vehicle. For safety reasons, the front desk needs to know which units are occupied, in the event of emergency evacuation.
- Cars in the parking garage with no parking pass or owner's sticker will be subject to boot/tow. Prominent signage will inform vehicles that they are subject to such enforcement.
- Standard visitor overnight parking fee is \$50.00 per night. There is no charge for day/evening parking for authorized short-term Simba Run visitors, displaying a parking pass.

Parking spaces will be organized and marked as follows:

- **RED RESERVED** All Owners and Rental Guests' 1st Car will be parked in spots marked with their Unit Number, with owner sticker or Green dashboard parking pass displayed.
- **GUEST** 2nd car (for both owners and rental guests) will park in spots marked with GUEST placards, with owner sticker or Green parking passes displayed. Simba Run currently has 11 garage guest spaces.
- Any non-SRR owner may elect to make their space available for pooled guest use when they are not using it. Revenue generated from pooled spaces will go to those owners who participate in the pool. (Revenue from SRR owner spaces is currently pooled thru their rental agreement.)

Visitor parking will be assigned by the front desk as follows:
